INTRODUCTION

***“Transporter Room Three, this is the Captain.
Transport the new crewmembers aboard the ship”***

**MISSION STATEMENT:**

The USS BELLEROPHON NCC-74705, an Intrepid Class Cruiser, is a meeting chapter of STARFLEET International. The USS BELLEROPHON has a proud crew and a distinguished history that spans over the past twenty years, was formed to help Star Trek fans, who can not or do not want to attend meetings, but still wanted to enjoy the friendship of other fans. This is accomplished by working on projects and staying in touch with members through correspondence (newsletter, U.S. Mail, Internet, online chats, and phone).

ABOUT THE USS BELLEROPHON

Members of the USS BELLEROPHON must first join STARFLEET, and then the USS BELLEROPHON. There are some options as to the type of membership and dues that a member can make. More information can be found in the Command department section of this manual.

The USS BELLEROPHON is designed for the STARFLEET member who wanted to attend meetings. We have members from all over the United States, and for those who can not attend the chapter meetings, we try to stay in contact with them through the chapter newsletter (THE ORACLE), e-mail, regular

mail, and online chats.

Like most other STARFLEET chapters, the USS BELLEROPHON members hold ranks and promotions are granted based on a points system which demonstrates how a member is active in the chapter, Region, Fleet, and in their own community. Members of the USS BELLEROPHON may be as active or inactive as they choose. If a member only wants to sit back and read the newsletter, that's fine. If a member wants to get involved there are many ways to do so: writing for the USS BELLEROPHON , Regional, and FLEET publications; artwork for these publications; writing letters; working on projects such as ship's blueprints, Care packages to deployed soldiers, etc.; recruiting; recycling stamps, cans, etc.; building models; or anything you can think of that your Department Chief, First Officer, and Captain approve.

The charter members of the USS BELLEROPHON chose the name to honor the founding chapter CO and a friend to many throughout the Fleet who has passed on to the new frontier.

I hope you enjoy your tour of duty on the USS BELLEROPHON and if I can be of assistance, please feel free to contact me at ussfreedomco@gmail.com

The chapter website is located at <https://ussbellerophoncc74705.wordpress.com/>

POSITIONS AND RANK

All members of the USS BELLEROPHON are encouraged to take part in local, regional and Fleet activities. As individuals become involved and active in the organization, STARFLEET encourages its chapters to recognize that involvement and dedication through rank promotions. Likewise, once a member advances to the rank of Commander, The Regional Coordinator may grant promotions to Captain and the STARFLEET Executive Committee may grant promotion of Captain and within the Flag ranks (i.e. Fleet Captain and higher) for service at the Chapter, Regional and Fleet levels.

The simplest way for a member to receive a promotion is to take and pass the Officer Training School exam from STARFLEET Academy. Once passed, OTS accords a member the promotion to the officer grade of Ensign, a rank which that member is granted through the remainder of his/her STARFLEET career, unless they continue to be promoted. No one, except the EC, can relieve any individual of a rank that has been granted by the EC including an officer commission from OTS to the rank of Ensign and Field Grade or Flag Rank promotions above the rank of Commander.

The Commanding Officer is responsible for all promotions (enlisted and commissioned) within the chapter. The system used on the USS BELLEROPHON is the point system to quantifiably allow members to progress through the ranks to Lieutenant. Promotions to Lieutenant Commander and Commander, the USS BELLEROPHON uses the promotion point system and a promotion review board.

Promotions beyond the rank of Commander are granted only by the Regional Coordinator (Captain only) or the STARFLEET Executive Committee. Flag Promotion forms are available from STARFLEET Headquarters (please send a SASE) and should be returned when completed. Once again, ranks conferred by the EC may be taken away only by the EC;"

Rank and promotions are intended to recognize members that become involved in the organization, as well as those accorded higher responsibility within the organization, and should not be used to the detriment of any member. STARFLEET and the USS BELLEROPHON ranks are honorary and carry no "real world" weight to them. No matter how high in rank, no member has the right to violate another member's rights, civil, USS BELLEROPHON or STARFLEET. Individuals, such as Department Chiefs and other Command Staff Officers, may be accorded a certain amount of responsibility within the organization in order to provide them a means to effectively administrate. That responsibility is granted only on the condition that it is responsibly utilized, and that in performing those responsibilities the member adheres to

USS BELLEROPHON and STARFLEET policies and guidelines. Compliance with any USS BELLEROPHON or STARFLEET policy or guideline is never forced upon anyone, but those that use their delegated authority outside the bounds of the USS BELLEROPHON or STARFLEET policies may be relieved of their duties. The most important thing to remember in disputes over rank and authority is that this organization is primarily here for fun. This is all very much make-believe, and it's not going to appear on anyone's resume.

NOTE: See Regulation 100 for more information about promotions on the USS BELLEROPHON and Appendix B: Rank & Insignia in the Appendix section for rank insignia diagrams.

STARFLEET

STARFLEET Is Our Members

For over 35 years, STARFLEET has provided Star Trek fans a way to meet each other, make friends, have fun, give back to their communities, and show that the dream of Gene Roddenberry can live long and prosper. On the local level, members can gather with other fans for a variety of enjoyable activities. On the international level, STARFLEET offers our members a wealth of resources that you won't find in any other Star Trek fan clubs. In addition to a great set of membership materials and our regularly-published newsletter, STARFLEET offers members the chance to get involved with STARFLEET Academy, the STARFLEET Marine Corps, the Department of Technical Services, and much, much more. We even have a group of academic monetary scholarships that are awarded to deserving STARFLEET members each year.

STARFLEET Is Our Chapters

STARFLEET is divided into hundreds of local Chapters, each named as a different starship or space station. Chapters are where the members of STARFLEET get together locally to make friends, meet, and have a fun time. Our many Chapters are spread out across the United States and also in foreign countries all over the world.

STARFLEET Chapters range in size from 10 members to several dozen. Some get together and meet in person while others are correspondence Chapters where members who live far away from each other can still exchange messages via e-mail, telephone, and even good, old-fashioned postal mail.

STARFLEET Is Our Regions

STARFLEET Chapters are grouped into Regions, each Region covering a different geographical area. These regions will often hold gatherings where crews of many Chapters get together for conferences, parties, charity events, and a whole range of other activities.

STARFLEET has a Chain of Command

Each Chapter is led by a Commanding Officer and a First Officer. Chapters report to Regional Coordinators, who form the Board of Directors for STARFLEET and work with an elected a 7-member Executive Committee that serves a term of 3 years. So there is a solid chain of command in place to deal with any problem or concern a STARFLEET member might have at any level of the organization.

One of the most fun aspects of being in STARFLEET is that every member can be assigned a rank—if the member chooses—and get promoted for participation in their local Chapter, or at the Regional or Fleet level, as well. New members in Chapters can start with introductory ranks like Cadet and Ensign and get promoted up through higher ranks like Lieutenant and Commander. When members get involved more actively at the Chapter, Regional, or Fleet level, they can get promoted even higher to Cap-

tain, or to flag ranks like Commodore or Admiral.

Of course, you can be a member of STARFLEET without joining a Chapter. You can also be a member of a Chapter without joining STARFLEET. And since some Chapters have membership dues that are separate from the STARFLEET annual subscription, some fans do decide to join either one organization or the other...and that's just fine.

As a non-profit corporation, STARFLEET strives to keep our annual membership dues as low as possible while still delivering quality membership materials and a positive membership experience for all.

To help make things affordable, we offer two variations of membership:

Standard Membership, which includes a membership packet, along with the online edition and print edition of our quarterly newsletter, the STARFLEET Communique. E-Membership, which includes everything except the print edition of the newsletter.

Pricing

Due to added postage costs, membership dues for countries outside of the United States are slightly higher. All funds are in U.S. dollars.

REGULATION 100 PROMOTION SYSTEM

PURPOSE

The purpose of this regulation is to establish the promotion policies and procedures for all crewmembers, STARFLEET Marines and STARFLEET Special Operations (MACO, RANGERS, SEALS, RECON and Intell) of the USS BELLEROPHON. As established in both the STARFLEET Constitution and the USS BELLEROPHON Constitution, the Commanding Officer has the authority to promote any of his/her crew up to the rank of Commander. While the Commanding Officer has the authority to promote any of his/her crew as he pleases, The USS BELLEROPHON uses three ways of promoting a crewmember. They are; The Promotion Point System, Promotion Review Board, and then the Commanders Promotion. The Promotion Point System is the PRIMARY procedure for promotion and requires the following:

- 1) Completing the minimum time requirement of six months minimum since last promotion.
- 2) Earning the required number of promotion points for the prescribed rank.
- 3) Only personnel who are maintaining membership requirements will be eligible for promotion.

RANK STRUCTURE

The USS BELLEROPHON uses two rank styles which include the PIP Ranks as seen in Star Trek: Voyager and that of the STARFLEET Marine Corps.

In the SFMC use a rank structure very similar to the 20th century United States Marine Corps and United States Army. This is done for two important reasons. First, it allows us to use some commercially available rank insignia with only slight modifications necessary to make it distinctly ours. Second, it is easily understood by anyone with even a little military experience. Our system also nicely correlates with the system already used by SFI. (For more information please see Appendix B. for more information.)

The USS BELLEROPHON groups its ranks into categories. These are; Crewman Ranks, Cadet Ranks, Enlisted Ranks, Officer Ranks and Flag Officer Ranks. Each are described below in further detail.

Junior Cadet:

Junior Cadet Ranks are designed for the junior members of the chapter, starting at birth thru the 8th grade. These ranks are automatic at time of qualification for that rank. The ranks and requirements are as follows:

<u>Rank</u>	<u>Requirements</u>
Cadet	From Birth thru the 3rd Grade
Cadet Crewman	In the 4th grade thru the 8th Grade

Senior Cadet:

Cadet Ranks are designed for the adolescent members from the High School level of 9th Grade thru 12th Grade. These ranks are automatic at time of qualification for that rank. The ranks and requirements are as follows:

<u>Naval Rank</u>	<u>Marine Rank</u>	<u>Requirements</u>
Cadet 1st Class	Cadet Private	Freshman (9th Grade)
Cadet 2nd Class	Cadet Private First Class	Sophomore (10th Grade)
Cadet 3rd Class	Cadet Lance Corporal	Junior (11th Grade)
Cadet 4th Class	Cadet Corporal	Senior (12th Grade)

Adult members have two basic forms of rank: enlisted and officer.

The enlisted ranks are separated into grades E1 through E9. From lowest grade to highest, the enlisted ranks are Crewman Recruit (CRR)/Private (PVT), Crewman Apprentice (CRA)/Private First Class (PFC), Crewman/Lance Corporal (LCPL), Petty Officer 3rd Class (PO3)/Corporal (CPL), Petty Officer 2nd Class (PO2)/Sergeant (SGT), Petty Officer 1st Class (PO1)/Staff Sergeant (SSGT), Chief Petty Officer (CPO)/Gunnery Sergeant (GSGT), Senior Chief Petty Officer (SCPO)/Master Sergeant (MSGT)/First Sergeant (1SGT), and Master Chief Petty Officer (MCPO)/Sergeant Major (SGM).

Warrant Officers

From their history in the real world militaries of the 20th century, the Warrant Officer (WO) has a place within the SFMC and MACOs. The Warrant Officers serve in those fields and billets that are too specialized in scope for unrestricted officers and billets that require a Marine/MACO in a grade above staff non-commissioned officers. Warrant officers are, in essence, the technical specialists of the SFMC/MACO and serve to fill in holes that would normally require an officer to cover, thus freeing the officer for more essential tasks such as base, unit or department administration.

Warrant Officers are accessed exclusively from the Marine Corps/MACO enlisted ranks and are considered enlisted personnel for purposes of annual awards and promotions. The Warrant Officer grades are as follows:

Marine Rank

Warrant Officer (WO)
 Chief Warrant Officer Two (CWO-2)
 Chief Warrant Officer Three (CWO-3)
 Chief Warrant Officer Four (CWO-4)
 Chief Warrant Officer Five (CWO-5)

Requirements

Appointed, must have held the minimum rank of Sergeant
 Earn 150 promotion points, complete all NCO below 301
 Earn 250 promotion points, complete NCO-301
 Earn 250 promotion points, complete LD-100, and PD-201
 Earn 350 promotion points, complete LD-201

MACO Rank

Warrant Officer (WO)
 Chief Warrant Officer Two (CWO-2)
 Chief Warrant Officer Three (CWO-3)
 Chief Warrant Officer Four (CWO-4)
 Chief Warrant Officer Five (CWO-5)

Requirements

Appointed, must have held the minimum rank of Sergeant
 Earn 150 promotion points, complete WWSO 108-119
 Earn 250 promotion points, complete SO 101-110
 Earn 250 promotion points, complete NCO 201, LD-101
 Earn 350 promotion points, complete NCO-301, LD-201

It is intended that those selected for Warrant Officer demonstrate advanced knowledge of the SFMC/MACO, and leadership abilities in their chosen career field.

Officer:

In a similar fashion, the officer ranks are separated into 11 grades (O1 to O11). From lowest to highest, they are Ensign (ENS)/Second Lieutenant (2LT), Lieutenant junior Grade (LTJG)/First Lieutenant (1LT), Lieutenant (LT)/Captain (MCPT), Lieutenant Commander (LCDR)/Major (MAJ), Commander (CDR)/

 Awarded by the Executive Committee
 Awarded by the Executive Committee
 Elected by the general membership of STARFLEET

No one person on the USS BELLEROPHON can be promoted from one rank to the next without waiting a minimum of 6 months in-between each said promotion. This is excluding the Commanding Officer and Executive Officer when assuming those duties or when promoted to Ensign from completion of OTS.

Promotion Point System

This system is used as the primary form for promotions. Many of the promotions require points to become eligible for that particular promotion. When a member feels they are qualified for that promotion to the next rank, they will see their Department Chief to file the proper promotion recommendation form.

When calculating your promotion points, the required points needed for promotion must be used within at least 5 of the categories.

Promotion Review Board

For the ranks of Lieutenant Commander and Commander, the individual up for promotion will have their records reviewed by the Promotion Board. 3-4 members serve as members of the Promotion Board which will submit all promotion recommendations back to the Commanding Officer/First Officer by a pre-determined date during that quarter.

The board will consist of the First Officer who will serve as the board President during one quarter and the Commanding Officer who will serve as Board President during the following quarter. They will continue to flip-flip throughout the calendar year. The board will also consist of three (3) members which will be tasked to three different Department Chiefs during each promotion cycle (quarter). If one member is not present then the First Officer may replace that individual at his/her discretion. The tasking are as follows:

<u>Jan-Feb-Mar-Apr</u>	<u>May-Jun-Jul-Aug</u>	<u>Sep-Oct-Nov-Dec</u>
Chief Medical	Third Officer	Chief Diplomatic
Joint Special Operations	Chief Science	Chief Support Services
Chief Communications	Chief Security	Chief Engineer

Commanders Promotion

As authorized by both the STARFLEET Constitution and the USS BELLEROPHON Constitution, the Commanding Officer reserves the right to promote any crewmember of the USS BELLEROPHON. While this is reserved by the Commanding Officer, each promotion will be handled on a case by case situation.

Promotions Due to Appointments

Under Regulation 600, Article IX: COMMAND STAFF, Section 3 thru 15, any crewmember who is promoted to a Command Staff Position or to a position in which a promotion is required, the crewmember must meet ALL the qualifications for that position with the prescribed time allowed and hold that position for a minimum of 12 consecutive months. If any of the above situations are not met, then the crewmember will revert back to their original rank prior to the appointment. If another promotion had taken place after the appointment, then the crewmember will revert back to their original rank and then be promoted to the next higher prescribed rank.

Rank Assessments Due To Transfers

The policy of the USS BELLEROPHON is to accept any rank that a member may have within STARFLEET upon transfer to the USS BELLEROPHON. If the new member is transferring from another organization into STARFLEET and holds the rank under Captain, then the individuals rank will be recognized. If the rank is Captain or above, then the Executive Committee must determine the status of said rank.

REGULATION 200 AWARDS PROGRAM

STARFLEET, REGIONAL AND CHAPTER AWARDS

Purpose

This regulation briefly covers the policy for the STARFLEET, Region 1 and the USS BELLEROPHON Awards Program. The awards take after the ribbon version as seen in the classic movies. This regulation briefly outlines the award its criteria. For more information on this program, please refer to the Manual. Each award that STARFLEET has have special significance, representing significant accomplishments during your enlistment in STARFLEET or tour of duty aboard the USS BELLEROPHON. They should be worn with pride.

Proper Wear

Awards should be worn on the USS BELLEROPHON duty uniform or on the Star Trek uniform at all Ship functions. They are worn on the left side of the duty shirt and are placed in order of precedence, with the highest awards placed on the bottom of the horizontal ribbon bar configuration (see diagram on page 38).

Who Can Recommend STARFLEET Awards

Listed in precedence, the following are the only STARFLEET personnel who can recommend STARFLEET Awards (hereafter known as "Recommending Officers" (RO), and the members and units they can recommend.

STARFLEET EXECUTIVE COMMITTEE

All Members and Units of STARFLEET

STARFLEET CHIEF OF OPERATIONS

Starships Departments, Shuttles, Regions and Departments, Fleet Commanders,
Commanding Officers

REGION COORDINATORS (FLEET COMMANDERS)

Starships, Shuttles, Departments, Region Staff and Departments, Commanding Officers and Members

REGION DEPARTMENT CHIEF (As Applicable)

Region Department Staff, Starship Departments, Department Chiefs, Department Crewmembers

COMMANDING OFFICER

Department Chiefs, Departments, Shuttles, Crewmembers

STARSHIP DEPARTMENT CHIEF

Department Crewmembers

In the instance where the RO's should be considered for STARFLEET awards, the ROs Executive Officer, deputy, or designated assistant can make the recommendation to the ROs superior.

Persons who are NOT members of STARFLEET, but have helped, aided or benefited STARFLEET in some way, can be recommended for a STARFLEET award as appropriate and applicable.

STARFLEET wants to show appreciation and acknowledgement to those outside the organization Who believe in what STARFLEET is about and wants to help in some way!

How To Determine If An Award Is Warranted

Before recommending an award, the RO must first be absolutely certain that the award is warranted in the first place. Awards must not be recommended for a member or unit that simply performs their duty as expected. Usually, if you have to ask yourself if the award is warranted, then it probably isn't.

Typically, a member/unit has made a significant accomplishment or achievement; or has performed their duty with above average zeal and diligence. This is what should be noted and considered.

There are two back-ups built into the recommendation process. When a recommendation is made, it must be approved by the RO's superior. He/she can overrule a recommendation if felt that the award is not warranted. The second back-up is the Chapter/Region/STARFLEET Awards Committee (hereafter known as "SFAC/RAC/CAC"). The SFAC/RAC/CAC may also determine that an award is not warranted (however, this should be a rare instance). Another way an RO call determine a warranted award is too seek out the opinion of his/her First Officer, deputy, or (as applicable) staff 'review board". They can help to give the RO objective views that will help in deciding an award recommendation.

It is absolutely important that RO's carefully and seriously consider award recommendations. Carefully read the criteria for each award. That will help determine the appropriate award. If the award criteria doesn't seem to apply, then an award is not warranted.

Procedures For Recommending Awards

The Chief Operations Officer maintains the Awards Recommendation Forms that will be used when recommending STARFLEET/Region/Chapter awards. Fill out the appropriate form to make an award recommendation. Fill out a form for each award recommended and please type or print clearly. Illegible forms will cause a delay in processing.

A STARFLEET unit is a starship, shuttle, or facility; a department, office or service made up of two or more STARFLEET members and/or associates. Said units must be officially recognized by STARFLEET to be considered for STARFLEET awards.

After reading the criteria for the awards and having determined that the award or awards is warranted fill out the appropriate forms and send them with a self-addressed stamped envelope (SASE) to your immediate supervisor, who will approve or not approve your recommendation. If not approved, it will be sent back with an explanation as to why it was not. If the RO still feels that the award is warranted, he/she may appeal to the Director, SFAC, RAC or CAC. The appeal will be considered and the appropriate awards committee will render a decision, which will be final. If not approved, the RO will be notified. If approved, the RP will be notified so that the appropriate fees can be sent.

If the award recommendation is approved by the RO's superior, the RO then submits the form (s) with the correct fees.

STARFLEET Award Certificates (SAC)/Region Award Certificates (RAC)/Chapter Award Certificates (CAC) and Award Ribbons are available for award recipient.

Awards In Order Of Precedence

REGULATION 300 CHAPTER PROPOSALS

PROPOSALS

Purpose

This regulation covers the policy for submitting proposals to the ship for implementation by paid members. Each proposal must satisfy three basic criteria: Cost, Manpower, and Feasibility. Of course the idea must benefit the chapter and not break any ship or STARFLEET regulation.

Cost

First and foremost of any idea for the USS BELLEROPHON is the cost of the project. It has been a general rule of thumb for the past year that if it cost more than \$50.00, you will need to add a secondary proposal on raising the money to cover the cost of materials in the main proposal.

Manpower

Most ideas will need a few good men/women to make it happen, thus you must also supply the manpower. In the USS BELLEROPHON's past, manpower needed was usually less than ten members. Once in a while the required manpower will exceed this amount. This is when you need to supply some sort of support for the idea. Remember that the idea has not been approved at this point. You are simply looking for people who will donate their time for your idea.

Feasibility

The final question that needs to be answered is "can it be done?" What seems like a good idea often fails this question. Consider the following:

- A) Are the materials available?
- B) Is the construction sound? (i.e. will it last)
- C) Can the supply and demand be meet?
- D) Is the idea or product appealing to the members?

Procedure

1. The respective Department Read must be notified of the idea and approval must be given to do research on the idea. The DHO will in turn notify the CO or XO that an idea is being researched with their approval.
 2. Before a presentation can be expected, it must be completely researched to the extent of the members ability.
 3. It must then be presented to the Command Staff to work out any problems the individual member may have missed.
 4. Once the final problems (if any) are worked out, the member is called in to make the final proposal to the staff.
 5. The Staff is polled to see what their pro's and con's of the idea are.
 6. The Command Staff will make the final decision on wither to go with the idea or not.
 7. If the Command Staff decides that. the membership should have a say, it will be placed an the agenda of the next meeting for a vote.
 8. If the Command Staff decides that no vote is needed, a full announcement of the implementation of the idea will be placed on the agenda of the next meeting including the assignment of any personnel.
- Any Proposal that is "killed" by the Command Staff may not be entered into the Staff for consideration for a period of six (6) months.

REGULATION 400 SHUTTLE PROGRAM

USS BELLEROPHON SHUTTLE PROGRAM

Purpose

The purpose of this regulation is to make familiar the basic regulations set forth by STARFLEET on the requirements to start a shuttle and how the USS BELLEROPHON will sponsor a said shuttle.

STARFLEET Shuttlecraft Program

In order to stimulate growth, STARFLEET has initiated and continued the successful Shuttlecraft program, a "training course" for individuals and chapters that aspire to become official chapters of STARFLEET and receive a chapter charter: Typically, new chapters of STARFLEET form for a variety of reasons; distance from a currently active chapter, specific needs of a group of members, cultural or philosophical differences, etc. When a group of members come together and decides to meet the challenge, the STARFLEET Shuttlecraft Program is designed to help those members become an active, growing, and prosperous chapter of STARFLEET.

Shuttlecraft serve as chapters-in-training under the tutelage of an already established chapter within their region (usually), called a support ship. When the following conditions have been met, the crew of a Shuttlecraft can be officially launched by their Regional Coordinator:

- The crew must consist of at least five active STARFLEET members, including the CO and XO.
- The CO and XO must have taken and passed the STARFLEET Officer Training School (OTS) exam.
- Authorization must have been received from the Department of Technical Service for the Shuttlecraft name.

With the conditions met, a complete Vessel Registration Request (VRR) form, along with copies of the OTS certificates and DTS name authorization, as well as a one-time registration fee of \$5.00 (US Funds) can be sent to the Commanding Officer of the shuttle's support ship. Once approval by the support ship CO, the VRR package is forwarded to the Regional Coordinator who will review it and launch the shuttle if all is in order, forwarding the package on to Shuttle Operations Command (ShOC). Once the VRR has been completely approved by ShOC, the shuttle's launch by the RC is officially approved, with the Commanding Officer promoted to the rank of Commander and the Executive Officer promoted to Lieutenant Commander.

Shuttles perform activities and operations much like a chartered chapter (starship) of STARFLEET. Reports must be filed on a monthly basis with the support ship CO, the RC, and the Chief of Shuttle Operations Command, STARFLEET. During their time as a Shuttlecraft the crew is encouraged to begin developing operational procedures, newsletter, recruiting, and other activities normally performed by STARFLEET chapters. Within the space of a year (typically between six and nine months), the crew of the Shuttlecraft may submit another VRR form to request a chartered starship. In order to be commissioned as a starship, the following conditions must be met:

- The crew must now consist of at least ten active STARFLEET members, including the CO and XO.

- The CO and XO must have taken and passed both the Officer's Training School exam and the Officer's Command College exam.
- Authorization must have been received from the Department of Technical Services for the ship name, NCC number, and starship class and type.

When these additional conditions have been met, another completed VRR form should be sent to the Commanding Officer of the shuttle's support ship, then to the Regional Coordinator, along with copies of all needed diplomas, name and class authorization, and a commissioning fee of \$10.00 (US Funds). This form will be reviewed and, if approved, sent onto the STARFLEET Chief of Shuttle Operations Command and the Chief of Operations. If all requirements have been met, the Chief of Operations, STARFLEET will officially commission the starship and issue a charter to the crew. The new starship CO is promoted to the rank of Captain, and the XO is promoted to Commander.

For more detailed information concerning the STARFLEET shuttlecraft program and how to become a chapter of STARFLEET, please contact either the Chief of Shuttle Operations Command, STARFLEET or the, Chief of Operations, STARFLEET (don't forget a SASE). It is advised that Proposed chapters maintain copies of all submitted material, especially the completed VRR. Also the use of cash for the above required fees is not recommended as checks or money orders provide a more substantial record of transaction.

Sponsorship Application/Request

The procedure in which a proposed shuttle crew must follow if the USS BELLEROPHON is to become their sponsor are as follows:

The propose shuttle Commanding Officer will submit in writing a written application/request for formal sponsorship. This request will then be brought to the first immediate Command Staff meeting were the proposal will be brought forward. The Command Staff will review the application, and if all is in order, the Command Staff will vote. A majority vote will determine sponsorship.

If sponsorship is approved, then the Commanding Officer or a designated representative will call the Proposed shuttle Commanding Officer by means of telephone to let him/her know their status. Then a formal letter will be sent to the crew of the proposed shuttle welcoming them as a official shuttle of the USS BELLEROPHON.

If sponsorship is disapproved, then the Commanding Officer must contact the proposed shuttle Commanding Officer by telephone and explain why the proposed shuttle was disapproved, and. If possible, what corrections can be made for approval of sponsorship.

Sponsorship Responsibilities

It will be the responsibility of the sponsorship to see to the needs of the shuttle. This will be achieved by requiring that all Department Heads to correspond with their counter parts on the shuttle in order to help them with problems or suggestions on running a department. The sponsorship will also designate an officer as shuttle coordinator who will receive all monthly reports from the shuttle and to bring any problems or request from the shuttle to the attention of the Command Staff.

The Commanding Officer and First Officer of the shuttle will receive one (1) copy each the USS

BELLEROPHON Handbook, one (1) copy of the Chapters Directory, one (1) copy of the Welcome Package and one (1) copy of each issue of the USS BELLEROPHON newsletter "THE ORACLE".

Shuttle Responsibilities

It will be the responsibility of the sponsored shuttle to report monthly as required by the ShOC Handbook, and to supply to this command a copy of the completed Shuttle VRR, a copy of the launch certificate, and a copy of the DTS letter. The shuttle CO will also supply this command with bi-monthly copies of shuttle command positions, crew roster by position, and crew roster by SCC#s.

The shuttle CO will also insure that copies of any publications such as newsletters, fanzines, flyers and handbook be supplied to this command.

REGULATION 600 DISCIPLINARY PROCEDURES

DISCIPLINARY PROCEDURES

Grievances and Due Process

While the main thrust of the USS BELLEROPHON has always been to uphold and espouse the philosophy of Star Trek - with tolerance, brotherhood, mutual cooperation, and compassionate justice its worthy goals. Occasionally these philosophies may be lost when interpersonal and inter-chapter relationships fail. It is the desire of the Commanding Officer that members allow any grievances to be solved at the lower levels of the chain of command. However, should members feel they have not been dealt with fairly, they may petition the Commanding Officer and ultimately present their case before the Commanding Officer.

Most grievances can be dealt with at the department level by one of the several officers the Commanding Officer has appointed to represent the chapter in such matters: namely the Department Head.

Military style court martial proceedings have been replaced, as these are confrontational and counter-productive and often make matters worse. Instead, justice should be fair and compassionate, not punitive and degrading. The emphasis is placed on problem solving and not punishment. Ask the individual how they think the problem can be solved—they may surprise you. There are, however, three disciplinary actions a Department or Department Head cannot take. First, they cannot expel a member from the chapter; only the Command Staff can take such action. Second, they cannot revoke a rank either enlistee or officer—only the Commanding Officer has the power to reduce a member of the crew up to O-5. And third, no one can impose any punishment that violates civil law. The Commanding Officer WILL expel from the chapter ANY person or group responsible for transgressing this rule and will be referred to STARFLEET for possible further actions.

The highest punishment that the chapter Command Staff can exact from a crewmember is expulsion, but this should be used as a last resort and only on the truly deserving. The decision to expel a crewmember must be conveyed by written letter, and must be forwarded to the Chief of Operations, STARFLEET. The expelled member will then be removed from that chapter's roster and offered membership in another chapter, if possible.

The Commanding Officer, however, is not so naive as to believe that people are not occasionally dealt with unfairly. Therefore, all members of the chapter are reminded of their right of due process, which guarantees the right to a full investigation into any allegation; the opportunity for both sides of an issue to be fully heard before any judgment is passed; the right to be assumed innocent until proven guilty; and the right to appeal any decision up to the Command Staff, whose decision is considered final. Members may appeal any decision that they feel violates their rights as set down by the chapter and STARFLEET regulations. Members must remember that with these rights also comes the responsibility of appropriate behavior as set down in chapter membership manual, page 15, under Member's Responsibilities. One final note—the Senior Officers of the USS BELLEROPHON (DHO and up) are in no way a substitute for local, state, and federal authorities of law and order. If a crime has been committed, by all means, summon the police.

Chapter Command Staff Level

Members of the chapter Command Staff are considered to be the leaders of this chapter and as such are held to high standards in terms of their conduct and behavior. Article 5 of the current chapter

Regulation 700 outlines the processes by which a member of the Command Staff can be removed from office for failing to live up to their required obligations.

HARASSMENT AND MISCONDUCT

It is the policy of the USS BELLEROPHON that harassment or misconduct, defined as behavior by one member perpetrated upon another member that would be construed as illegal under local, county, state, provincial, federal, or international law, will not be tolerated at any time. This includes, but is not limited to, sexual harassment or harassment based on a member's ethnicity, religion, social or economic background, or any other legally defined category. Any chapter member, regardless of rank or position, found to be in violation of this section shall be subject to immediate discipline, and possible expulsion.

DISCIPLINARY ACTION AND POSSIBLE SANCTIONS

SUPPORT SERVICES

Welcome to the Support Services department of the USS BELLEROPHON. Support is a vital part of the ship's operations, the backbone not only of the USS BELLEROPHON, but also of the entire Fleet. While other departments may seem to be more glorifying and prestigious, there is no department on this ship, which does not depend to some extent on our efforts. The Support Services department requires extreme dedication and attention to detail, which not everyone can provide.

The Support Services Department aboard the USS BELLEROPHON is responsible for the following areas:

- Produce and maintain the ship's store/catalog

Welcome to the Joint Special Operations Department aboard the USS BELLEROPHON. The department has two types of units organized under one department. These two units are the STARFLEET Marine Strike Group known as the 129th MSG and the STARFLEET Special Operations MACO unit known as the 150th MACO. 150th MACO (MINOTAURS)

The MACOs (an acronym for Military Assault Command Operations) is a military organization in service in the Federation from the 2150s through the late 24th century. The MACOs (pronounced "MAY-ko") operate in tandem with Starfleet personnel. This allows them the freedom to operate outside of the direct chain of command. Though they are afforded this freedom, on board a Starfleet ship, they accept orders from the captain and the command staff.

MACOs have similar training and tactics as the special forces of a number of member nations of United Earth (the U.S. Navy SEALs, Delta Force, Army Rangers, Marine Force Recon, Special Air Service, etc.), and their rank insignia is similar to that of the US Marine Corps. Their operation aboard Starfleet vessels is comparable to that of the U.S. Marines on board U.S. Navy vessels in the 20th and 21st centuries.

Our motto is: **"We Can Take It"**

The MACOs responsibilities on the USS BELLEROPHON include the following areas:

- Star Trek convention updates
- Fleet Elections
- MACO News
- Assist with Convention/Summit/IC Security
- Combative gaming, such as Modern Ware, Halo series etc.

MACO TEAMS

The MACOs are divided into four (4) teams as follows:

Recon Team 1 Alpha (Call sign Alpha 1) – This team will be tasked with RECON Black Missions. This team can be made up of SS Robert de Bruce personnel and Starfleet personnel. Black operations are the missions that require direct action (DA). They are the opposite of green operations missions, where the recon teams “looks for trouble”. Depending on the situation and the target location, the Recon operators usually conduct direct action missions within the artillery and naval gun support fan; since these operations demonstrate a “small-scale” shock and awe. Orchestrating close air support (CAS) is a vital skill exercised in DA missions; recon teams forward observe from static positions and spider holes for artillery and naval gunfire support, or ordnance and payload delivery.

Recon Team 2 Bravo (Call sign Bravo 2) – This team will be tasked with RECON Green missions. This team can be made up of SS Robert de Bruce personnel and other Starfleet personnel. These missions consist of deep reconnaissance operations. They pertain to the preliminary and post-assault reconnaissance (amphibious and ground reconnoitering), battle damage assessment (BDA) missions, or placing/recovering remote sensors and beacons. The main purpose of the recon operators is to collect any intelligence of military importance, observe, identify and report adversaries to RECON commanders. Silence and stealth are vital to reduce chances of mission compromise from contact with the enemy. If a single round is fired, the mission has failed.

Support Team 3 Charlie (Call sign Charlie 3) – This team will be MACOs who are tasked with MACO support activities. This team can be made up SS Robert de Bruce personnel and other Starfleet personnel. This team is made up of Command, Intelligence, Medical, Weapons Communications and Engineering officers. The shuttle/runabout pilots are also attached to this team. These officers will brief the team on mission parameters and what to expect on each mission based on the available intelligence as well as team administrative and logistical support.

Recon Team 4 Delta (Call sign Delta 4) – This team is made of Starfleet personnel and are usually forward deployed on an undisclosed out world ready to go at a moment’s notice. They are moved to a different location approximately every 6 to 9 months to ensure their presence is not compromised. APPENDIX A

GENEALOGY HISTORY OF THE USS BELLEROPHON

The USS Bellerophon NX-74705 was launched on 201407.05 as a meeting chapter of STARFLEET in the Whiteville, North Carolina area. The USS Helen Pawlowski NCC-8494 served as the Support Ship.

The name “Bellerophon” comes from a mythological character from ancient Greece. He was “the greatest hero and slayer of monsters, alongside Cadmus and Perseus, before the days of Heracles”, whose greatest feat was killing the Chimera, a monster that Homer depicted with a lion’s head, a goat’s body, and a serpent’s tail: “her breath came out in terrible blasts of burning flame.” He was the son of the mortal Eurynome by either her husband Glaucus, or Poseidon.

The initial crew were members of the USS Helen Pawlowski who decided that there was a need for a meeting chapter in the area. Many of the crew lived nearby with others still remaining as correspondence members due to the distance from the chapter. Commander Carol Dyl was elected to lead the chapter as the Commanding Officer and Ashley Walker as the First Officer.

GENEALOGY HISTORY OF THE USS BELLEROPHON

The chapter had to first complete her 9 month shakedown cruise. During this time, the chapter devoted to organization of the chapter and setting up a good foundation for the chapter to grow. The chapter participated in several community service projects such as the Angel Tree, Toys for Tots and recycling to name just a few. The chapter also held several fun/educational activities. Members of the crew participated in visits/tours of such places as the USS North Carolina, Ft. Fischer, the NC Zoo , NC Aquarium and several trips to the local beaches and lastly several cookouts during the warmer months.

On 201504.11 the USS Bellerophon NCC-74705 was officially commissioned as a full chapter of STARFLEET. Many of the members continue to participate in the chapter community service projects and fun activities.

Every September the chapter cosponsors a yard sale that members are asked to donate unwanted items to. The proceeds are divided up to the members who either donated or volunteered to work the sale or both to help pay for the members STARFLEET annual membership. Any funds left over goes to the chapters represented for things like unit t-shirts or patches etc.

During this time the USS Bellerophon has had members serve outside the chapter at Regional positions.

Ready room
This door leads to the captain's ready room, a quiet haven where she can plan her orders and make her reports in private.

Engineering
This duty station is used by the chief engineer when her presence is required on the bridge. All functions can be controlled from here.

Viewscreen
The main viewscreen at the front of the bridge can be seen clearly from all duty stations. It serves as a visual link between the bridge and the ship's most often used as a visual communicator.

Mission operations
There are two mission operation stations on the bridge, one on each side of the command deck.

Many consoles
Computer consoles and control panels are used by officers as well as the desk in front of him. This is an important job which requires a great deal of concentration.

Operations
Like the tactical station, ops is self-contained and isolated from any of the other bridge duty stations, ensuring that the operations officer is not distracted from his task.

Briefing room
This door leads off the bridge into the briefing room, where the senior staff meet to plan the next orders for the rest of the crew or to work through any problems.

Enclosed front
The con station at the front of the bridge forms its own, dedicated area. Unlike on other ships, the con station stands alone. Ops is located to the side of the bridge.

Science station
A science station at the front of the bridge mirrors the engineering station opposite. It is used to provide support to the ops position when needed, but is often unmanned.
